

# IV Vitamin Information

## Ascorbic Acid (Vitamin C)

Vitamin C is an extremely versatile nutrient. It is antioxidant and can also help your body fight off viral infections by boosting the abilities of the immune system and aid in chronic fatigue and aging.

## B Vitamin Complex

B Vitamin Complex is composed of B1, B2, B3, B5, B6, B7, B9 and B12. These vitamins are essential to your body in supporting metabolic function and energy. B12 is also an important in mood elevation and neural health.

## L- Taurine

Taurine is an amino acid that can help prevent oxidative stress in your system. It helps to maintain cellular and mineral transport levels and has shown to have beneficial effects on athletic and mental performance.

## Tri Amino Blend

A mixture of L- Ornithine, L- Arginine, and L - Citrulline, this blend helps to support cardiovascular health. They help to boost nitric oxide levels that improves circulation to enhance blood flow and physical endurance.

## Glutathione

Often called the "Master Molecule" glutathione is an incredibly powerful antioxidant that can neutralize free radicals that cause DNA damage. Glutathione can enhance recovery and lower the body's metabolic age through its protective effects.

## Vitamin D

Vitamin D is naturally produced in our body with exposure to the sun. It is used in our bodies to build strong bones and is a vital component for the immune system.

## Lipo-C Injections (Intramuscular)

A potent fat burning solution. This mixture contains Methionine, Inositol, Choline Chloride, L- Carnitine, Thiamine HCl, and Dexpanthenol. These nutrients are directly involved in fat breakdown and help your body to release fat deposits

### NAD Therapy

350 member / 500 retail

Nicotinamide Adenine Dinucleotide (NAD+) is a coenzyme present in all bodies of your cell. It is a component of metabolic reactions and energy production. As we age our levels of NAD+ slowly decrease overtime. Restoration of NAD+ levels can enhance brain health, increase energy, strengthen the immune system, and revitalize the body.
